

Woodstock Chimes' Premier Woodstock Windsinger Chimes™ Line Expands
with Company's Most Popular Tuning – Amazing Grace

SHOKAN, N.Y., January 2, 2018 – Fifteen years ago, Woodstock Chimes®, the leading manufacturer of musically tuned windchimes, launched the first of what is now a series of windchimes that are truly *The World's Favorite Windchime™* - the Amazing Grace Chime™. Tuned to the opening notes of America's favorite hymn, Amazing Grace, these chimes are now available in several sizes and styles. Nearly all have become best sellers for the company. But during the 2018 winter gift shows, perhaps the most impressive one of them all, one that will make buyers passing the company's Atlanta, Dallas and Las Vegas showrooms stop and say "...how sweet the sound..." will launch. The new Woodstock Windsinger Chime™ - Amazing Grace brings the popular tuning to the company's premier Woodstock Windsinger Chimes line. The chimes in this line are specially designed for deep sound and long-lasting musical sustain and always get a "wow" response from customers.

The new Woodstock Windsinger Chime – Amazing Grace (WWAG) measures 49 inches in overall length and has a sleek, sophisticated look, with a silver aluminum ring and windcatcher, six silver brushed aluminum tubes and a black clapper. The chime includes a lifetime tuning guarantee and retails for \$160.

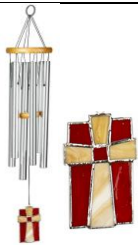

"The new Woodstock Windsinger Chime – Amazing Grace is, in a word, amazing," said Garry Kvistad, founder and owner of Woodstock Chimes and a GRAMMY® Award-winning musician. "The Amazing Grace Chime tuning is a proven success, and the development of a deeper Windsinger version has been underway for a while. Windsinger Chimes use extra-thick tubes that are specially suspended, giving the chimes their superb resonance and sustained sound. This is enhanced by the proper placement of the chime parts and precise musical tuning of the tubes, which produces a beautiful sound that you must hear to believe."

Windsinger Chimes are the best of the best. The chimes in this premier line have a bold, elegant look and are also the company's best weathering chimes. Not only do the beautiful notes last longer, they withstand the elements longer, too. Other Woodstock Windsinger Chimes, most tuned to a beautiful pentatonic scale, include:

Chimes of Athena™ Length: 44" MSRP: \$110.00		Chimes of Orpheus™ Length: 54" MSRP: \$160.00		Chimes of Apollo™ Length: 68" MSRP: \$350.00		Chimes of Hera™ Length: 85" MSRP: \$300.00		Chimes of King David™ Length: 88" MSRP: \$650.00
