

Woodstock Chimes' Latest Chime Goes 'Over the Rainbow'
Tuned to the Opening Notes of the "Wizard of Oz" Ballad

SHOKAN, N.Y., June 7, 2018 – [Woodstock Chimes](#), the leading manufacturer of musically tuned windchimes, has tuned its latest chime to the opening notes of one of the most iconic songs of the twentieth century, the Academy Award-winning ballad “Over the Rainbow” from the 1939 movie *The Wizard of Oz*. Composed by Harold Arlen with lyrics by Yip Harburg, the ballad Judy Garland popularized reminds us that “somewhere over the rainbow...dreams that you dare to dream really do come true.”

““Over the Rainbow” is universally recognizable,” said [Garry Kvistad](#), founder and owner of [Woodstock Chimes](#) and a GRAMMY® Award-winning musician. “The eightieth anniversary of *The Wizard of Oz* is coming up next year, and the timeless and endearing message of optimism in the movie and its most famous song continue to captivate hearts around the world. The [Over the Rainbow Chime™](#) echoes the message of the song each time the wind blows, and makes a perfect gift for fans of the movie or for anyone touched by the song’s beauty. We continue to expand our Famous Melody chime series with classics that people of all ages can enjoy. This new chime certainly falls into that category.”

The [Over the Rainbow Chime](#)’s windcatcher has a rainbow image to exemplify the song. The windcatcher is removable, so customers can take it to their local customization shop to have a personal message engraved or silk-screened. The chime is also one of the first [Woodstock Chimes](#) with a second hangtag designed to call attention to the significance of the tuning, so shoppers can understand at a glance what differentiates the chime from others. The usual descriptive hangtag about the chime is still included. Measuring 27 inches in overall length, the [Over the Rainbow Chime](#) features seven silver aluminum tubes and cherry finish ash wood. It comes ready to give in a gift box and retails for \$48.
